Clarification/Reply

No. / 4639 /MPMRCL/2017

Dated: 09/07/2017

With reference to RFP No. **03/GC/MPMRCL/2017 dated 20.03.2017** regarding selection of General Consultant for Metro Rail Projects in Bhopal and Indore,

It has been brought to our notice that sheet-2 Row-15 of Form FIN-2 : Summary of Cost, Amount(s) in words is not reflecting the sum of A (Competitive components) + B (Non-Competitive components). As per information conveyed, Form FIN-2: Row-15 has been examined and found that there is some technical error because of which it is not reflecting the sum of (A) and (B) in words and it is only reflecting amount in word towards remuneration.

Since the technical error has been communicated after the time for sale of proposal is over so aforementioned format cannot be amended.

However, it is pertinent to mention that since there is no impact of technical error on competitive components and there is also **provision of mentioning the same amount(s) in words i.e. sum of A (Competitive components) + B (Non-Competitive components) required through FIN-2 row -15 in Form FIN-1 row-10 (sheet-1).**

Therefore, looking into above, amount(s) in words mentioned in FIN-2, Row 15 towards sum of (A+B) will not be considered as sum total and amount in words mentioned in **FIN-1, Row-10 shall prevail** and shall be considered and final as total of competitive and non competitive components.
